SUNLIGHT READABLE

The X-431 PAD9 LINK uses the optical bonding technique of light penetration and non-reflection to achieve readability in sunlight.

Basic Configuration

UPGRADED CONFIGURATION

The Android 13 operating system enhances the speed and smoothness of the user experience.

12GB memory and 512GB storage, no concerns about storage issues.

THINER & LIGHTER

The large but lightweight brand-new design makes it easy portability.

SECURE CONNECTION

SmartLink C DB15 Interface provides a more secure connection, preventing communication interruptions.

New concept hardware design enhanced WI-FI communication.

LAUNCH AI

Industry-leading diagnostic assistant providing repair help.

MULTI-SYSTEM DATA STREAMS

Consolidating critical data from multiple vehicle systems helps technicians troubleshoot faster and easier.

FCA SGW

Quick and easy to access to FIAT, Chrysler automobiles and Renault / Dacia models.

DELIVER FULL FUNCTIONALITY FOR ALL SYSTEMS. (Purchase separately)

- Passenger Cars
- Motorcycle
- Immobilizer
- Commercial Vehicle
- Battery Pack
- New Energy

*The basic configuration doesn' t include any pre-configured vehicle diagnostic softwares. The auto shops are required to choose and install a diagnostic software kit to start your daily repair business.

SPECIFICATION

Operating System	Android 13
CPU	2.0GHz, Octa-Core
Memory	12G
Storage	512G
Display	13.6 inch, 2560x1600
Battery	9,360 mAh@7.6V/71.1Wh
Camera	Rear 20MP, Front 8MP
VCI Connection	2.4GHz&/5GHz Dual WI-FI
Interface	Type C, Type A, DC IN, Micro SD, Mini HDMI
Size	377*246*35mm

Type C, Type A, DC IN, Micro SD, Mini HDMI

Power/Screen Lock Key

0°-180° Kick-stand

Address: 5B, Extension, first floor, APIIC, IE, Prashanthi nagar, kukatpally, **Hyderabad-500072**
