Create-Change

Launch X431 PRO V5.0 is a medium and high-end product independently developed by Launch. It inherits many advantages of X431 PRO series, such as wide vehicle coverage, strong diagnostic functions and accurate test data. In addition, it supports extension module: endoscope and anti-theft key matching intelligent diagnosis' technology, which integrates the application advantages of mobile Internet, is the first in the industry. And also it can automatically identify vehicle information and complete rapid diagnosis. Moreover users can also check online vehicle maintenance records.

What is New?

➢ Upgraded Android 10.0 operation system, 4GB memory and 64GB storage ensure faster and smoother diagnosis

➢ Newly designed VCI supports even more communication protocols, e.g. CAN, CAN FD, DoIP*, etc. (*Need an extra DoIP cable)

➢ Wireless communication offers flexible and easy connections for diagnostics, while a cabled connection offers a fast and stable connection for advanced work like coding
